

From the Desk of  
Rabbi Jonathan Lubliner  
Jack F. Shorstein Senior Rabbinic Chair

The attestation of the foregoing statement regarding the kosher character of Southern Tank Services food grade operations is subject to the following conditions:

- Upon request for proof of Kashrut inspection, Southern Tank Services agrees to forward ALL pages and attachments of this attestation.
- Southern Tank Services agrees to notify Rabbi Jonathan Lubliner regarding any change in cleaning procedures, detergents or sanitizers. Southern Tank Services further agrees that any change in processing or in products used without Rabbi Lubliner's explicit approval will render this document null and void.
- Southern Tank Services agrees to allow Rabbi Lubliner unimpeded access to its facility at his discretion. Such visits shall take place on an unannounced basis as he deems necessary.
- Southern Tank Services agrees to make no other claim regarding the Kosher character of its facility, washing process and the products used in conjunction therewith except for those statements explicitly referred to herein.

The parties to this document have affixed their signatures below to affirm its binding character, and that the foregoing terms and conditions contain the totality of their understanding.

To Whom It May Concern:

I have inspected the facility of Southern Tank Services, Inc. to ascertain the Kosher status of its operations, and therefore may attest to the following:

- The washing and sanitizing of food grade tanks takes place in an area separate from all other washing operations. Hoses, pipes and drainage from this area are completely isolated from all other areas of tank cleaning.
- The cleaning of ALL food grade tanks utilizes the following two products ONLY: (1) Heavy Duty Degreaser Formula #430, produced by KO Manufacturing, Inc.; (2) ZEP FS CIP Acid Sanitizer, produced by ZEP Manufacturing Co.
- Communication with KO Manufacturing, Inc. (see attached) indicates the absence of any animal product or animal by-products in the production of company detergent products. Heavy Duty Degreaser Formula #430 is manufactured exclusively from petroleum distillates and mineral based raw materials of non-animal origin. The production facilities of KO Manufacturing, Inc., however, are not under rabbinical supervision at this time.
- Communication with ZEP Manufacturing Co. (see attached) indicates that FS CIP Acid Sanitizer is produced under the rabbinical supervision of the Atlanta Kashruth Commission, and is Kosher and *Pareve* for year-round and Passover use.
- The above attestation covers the facility of Southern Tank Services, Inc. ONLY. It does not vouch for the Kosher status of the food grade tanks brought there for washing.
- This letter regarding the Kosher status of Southern Tank Services., Inc is valid through July 21, 2017, pursuant to the conditions specifically enumerated in the attached.

Rabbi Jonathan Lubliner

July 21, 2016

To whom it may concern:

Our detergent products are manufactured from petroleum distillates and mineral based products. Our products do not contain any animal or animal byproducts whatsoever. In addition, there are no intermediate agents or additives introduced to the manufacturing process that are of animal origin.

In particular, our product, Heavy Duty Degreaser formula number 430, is a mixture of petroleum and mineral based raw materials. There are no animal or animal byproducts used in the formula, manufacturing process, or packaging process for Heavy Duty Degreaser formula 430.

Sincerely,

A handwritten signature in cursive script that reads "Phil Padron". The ink is dark and the signature is written in a fluid, connected style.
